A CARIBBEAN IDEAOLGY

Sir Arthur Lewis espoused an "industrialisation by invitation" policy for the Caribbean.

Lewis argued "the size of the West Indian islands even with a customs union, was insufficient to facilitate a manufacturing base of the magnitude to benefit from economies of scale.....it was necessary for the West Indies to take other steps to position the region in an international arena". Arthur Lewis, (1950) 'The Industrialisation of the British West Indies', Caribbean Economic Review, 2 1-53.

SUMMARY OF RESEARCH ON

INTERNATIONALISATION (SBA, 2011)

27% of firms were engaged in internationlisation strategies

Barbados' internationalisation begins with an intention to enter the global arena

The MSMEs export an estimated USD\$26.9 million even as they import a lower amount of \$17 million

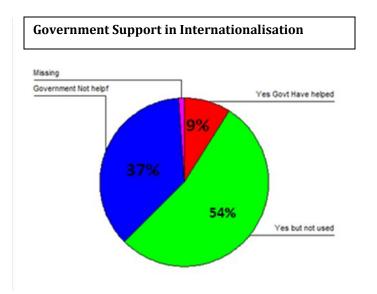

Barriers to exporting include a) financing of trade, b) training and c) market intelligence

Driver for internationalisation is motivation and whether there is a perceived opportunity to export
