

Maps of Maritime Routes of the Greater Caribbean

Jose Miguel Rovira
Director of Trade and Sustainable Development
Association of Caribbean States - ACS

Letter of understanding – March 30th 2007

General Objective:

Design and create an updated map of the main maritime routes in the Greater Caribbean which will allow exporters, importers, vendors and buyers, foreign or regional either to know when, how, with who and under which conditions they can trade their merchandises

Specific Objectives:

- To increase Intraregional maritime trade and provide information of connections for the transportation of goods.
- To determine if there are zones within the Caribbean region without maritime services.

- To determine if the transportation conditions of current services lines satisfy our expectations of maritime transportation.

Data

29 countries
59 ports

6 countries
13 ports

5 countries
20 ports

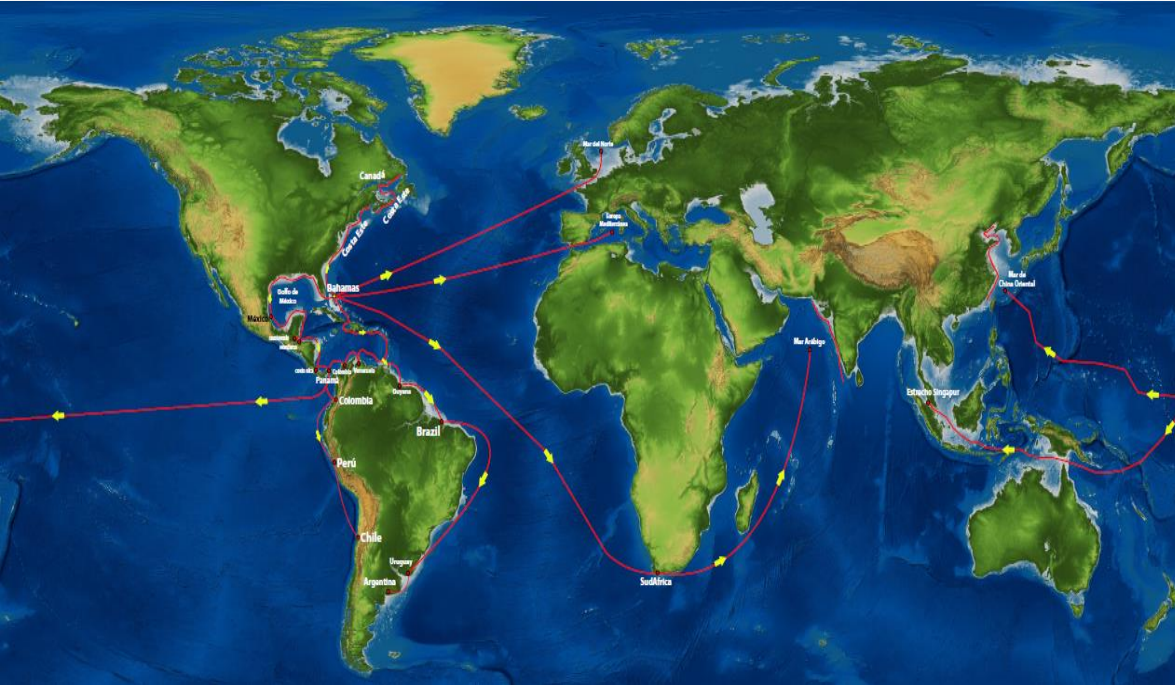

5 ports

42 countries - 106 ports

Data

1. Connectivity of 280 ports in the world
2. 158 line services
3. 583 vessels and 69 shipping lines

1,783,576 Teu's
209,419 reefer plugs

Maritime Routes of the Pacific

1. 15 ports
2. 34 shipping lines
3. 41 liner services
4. 287 vessels
5. 1,575,813 Teu's
6. 364,103 reefer plugs

Everyone wants to get closer to the cargo owner...and to get closer to the end customer.

For small markets, access to international integration is the key.
